

M.Ed in Assessment, Curriculum and Teaching

Two high demand, online opportunities to advance your teaching career.

The M. Ed in Assessment, Curriculum and Teaching (ACTE) at Millersville University is designed with the busy educator in mind. The fully online program focuses on two concentrations that better advance the knowledge and careers of today's educators.

CONCENTRATIONS

ONLINE TEACHING

The Online Teaching concentration of the Masters in Assessment, Curriculum and Teaching is designed for educators interested in learning the foundational tools and pedagogy for blended and online environments. With the explosion of online and blended instructional opportunities for students and teachers locally and nationally, this program helps prepare graduates to design and facilitate online classes by ensuring that they can:

- Demonstrate proficiency in the use of multimedia, Web 2.0 and current and emerging technologies for assessment, curriculum development and instruction.
- Examine innovative teaching methods to foster student learning for different modes of delivery (face-to-face, flipped, blended, fully online).
- Apply the phases of an instructional design model to the development of curriculum that is reflective of mode of delivery.
- Create varied and targeted assessments that effectively measure student learning aligned to content standards and leveraging emergent instructional models.
- Develop methods of evaluating and improving curricular design through the use of student assessment data.

Complete program in 33 credits

This program offers rolling admission

Structured for full-time and part-time students

This Program is Designed for:

- Fully online teaching faculty in K-12 education (*This program will NOT lead to an initial teaching certification)
- Regular classroom teachers that are already using flipped and hybrid instruction
- Curriculum supervisors and designers
- Current and prospective teachers seeking an edge in the job search
- Educational administrators and leaders

Program Highlights:

- Accelerated courses—100% online
- Credits earned are eligible to count toward meeting ACT 48 requirements.
- Coursework linked to practice through field experiences
- Connected to PDE and iNACOL standards for online teaching

STEM (SCIENCE, TECHNOLOGY, ENGINEERING AND MATH) EDUCATION

The STEM Education concentration of the Masters in Assessment, Curriculum and Teaching is designed for educators interested in learning the foundational tools and pedagogy for integrated STEM Education. Through a multidisciplinary approach, this program helps prepare graduates to integrate Science, Technology, Engineering and Mathematics by ensuring that they can:

- Integrate student-centered learning approaches to improve the quality of K-12 education and interaction with the larger community.
- Incorporate active project-based learning.
- Develop and use skills in analysis, problem solving and critical thinking.
- Create varied and targeted assessments that effectively measure student learning aligned to content standards and leveraging emergent instructional models.
- Develop methods of evaluating and improving curricular design through the use of student assessment data.

This Program is Designed for:

- Teachers who hold an initial teaching certification in any discipline K-12. (*This program will NOT lead to an initial teaching certification)
- Teachers in STEM subjects: science, technology, engineering and mathematics.

Program Highlights:

- Accelerated courses— can be completed 100% online
- Affordable tuition rates
- Credits meet ACT 48 requirements
- Interdisciplinary faculty from three departments
