Please select the correct term for which you are choosing a roommate (if you are choosing a room for the fall, then you will select the fall term). Once selected, click on the Search for Roommate Option

The screenshot shows a web interface for roommate selection. On the left is a sidebar with two menu items: 'Roommate Selection' and 'Select Roommates' (which is highlighted). Below 'Select Roommates' is another option, 'Select a Room/Suite'. The main content area features a 'For the Term:' dropdown menu. Below this are three stacked buttons: 'Roommate Requests (0)', 'Pending Roommate Requests (0)', and 'Search for Roommate'. Each button has a small downward-pointing chevron icon on its right side.

Once you begin search, any student that is in the system will begin to load based on your search criteria entered. If you find the person you are looking for, under their name, click the request roommate option. The student will then receive a message in their MyHousing account asking if they want to accept the request. Once they hit accept request, then you are matched with the student.
